

SALU MANOJ

Software Engineering Graduate

shalumanoj960@gmail.com | +91 9495 314 490 | www.linkedin.com/in/salu-manoj-04aa26224 | Earathupalath, Kothalapadi, Manimala P.O, Kottayam , Kerala ,686543

SUMMARY

Full-Stack Developer (MCA) with expertise in Java, Python, and JavaScript frameworks (React.js, Node.js). Proven experience building scalable web applications through academic projects and internships. Skilled in database design (MongoDB, MySQL), REST API development, and version control (Git). Passionate about creating efficient solutions using modern technologies and Agile methodologies. Strong collaborator with a track record of delivering user-centric applications.

PROJECTS

RubberEco

Tech Stack: React.js, Node.js, Express.js, MongoDB, Python, ML, Flutter

- Engineered a scalable rubber service platform, improving farm task efficiency by 30% using MERN stack and ML.
- Implemented full-stack features using React and Node.js with Express backend and MongoDB for scalable data handling.
- Integrated Python-based ML module for predictive analytics and automation of scheduling tasks.
- Designed cross-platform mobile support using Flutter for ease of access for farmers and staff.

Smartphone Galaxy Store

Tech Stack: HTML, CSS, JavaScript, jQuery, PHP, Bootstrap, MySQL

- Built a responsive e-commerce website for purchasing smartphones and accessing repair/service-related features.
- Implemented cart system, product listings, and service booking modules using PHP and MySQL.
- Designed interactive frontend with Bootstrap and jQuery for better user experience.
- Ensured user and order data management through structured backend logic and secure database design.

ToDo List

Tech Stack: React.js, Node.js, Express.js, MongoDB

- Developed a task management app using the MERN stack for real-time CRUD operations.
- Implemented React frontend with Express-Node backend API integration.
- Used MongoDB for storing tasks with scheme flexibility and efficient updates.

EDUCATION

AMAL JYOTHI COLLEGE OF ENGINEERING (AUTONOMOUS) Kottayam, India | 2026

Master of Computer Applications (MCA) | CGPA: 8.05/10

ST. GEORGE'S HIGHER SECONDARY SCHOOL, MANIMALA Kottayam, India | 2020

Higher Secondary Education (12th Grade - Science) | CGPA: 8.01/10

CARDINAL PADIYARA PUBLIC SCHOOL, MANIMALA Kottayam, India | 2018

Secondary Education (CBSE) | CGPA: 7.67/10

SKILLS

- Frontend:** React.js, Bootstrap, HTML5, CSS3, JavaScript, jQuery
- Backend:** Node.js, Express.js, Django, PHP
- Database:** MongoDB, MySQL, PostgreSQL
- Other Tools:** Git, GitHub, REST APIs, Agile, VS Code, Postman

STRENGTH

Team Collaboration| Effective Time Management | Self-motivated | Positive Attitude and Resilienc | Teamwork
|Willingness to learn | Adaptability

EXPERIENCE

Skill Vertex, Bengaluru : Web Development | HTML | CSS | Server-Side Scripting | DataBase | One month | 2023

- Gained hands-on experience in building websites and successfully completed two website projects as assignments.

Nestsoft, Kochi: Django | REST APIs | MVC Architecture | PostgreSQL | 1 month | 2024

- Developed backend modules using Django ORM and implemented CRUD operations.

CERTIFICATIONS

- Generative AI Certified Professional | Oracle Cloud Infrastructure 2024, Recognized by Oracle Corporation |Valid until July 29, 2026
- Python 101 for Data Science | IBM / Cognitive Class Python for Data Science
- NPTEL – IIT Madras 4-week course | Focused on Python, data analysis, and visualization

ACHIEVEMENTS

- Volunteered at the NASA Space Apps Challenge, assisting in event coordination and participant engagement.
- Participated in the GDG On Campus Solution Challenge 2025 Bootcamp.
- Served as Student council member, represented the student body in decision-making processes and coordinated with faculty on academic and extracurricular activities.
